1. Communications Conference, [REDACTED] : OC Relay Station Chiefs and other selected communications personnel from [REDACTED] and Headquarters are meeting this week in [REDACTED] to confer on several important subjects. Items to be discussed are: the SKYLINK Program and the resultant changes to the network, Secure Voice as part of the SKYLINK system, alternate route/back-up planning involving the three areas, use of ARS in primary and back-up situations, how CAFT will affect the network, improved coordination between technical control facilities at base stations, and, perhaps most important of all, communications support to [REDACTED] during his many travels.

3. [REDACTED] We were advised yesterday that [REDACTED] officials are now having inhouse legal problems regarding the funding of the new [REDACTED] Headquarters building. We understand that GSA is negotiating with them on the possibilities of building and renting it to us. In view of the continued delays and questionable success of this approach, we intend to again request OL investigate remodeling the [REDACTED] warehouse to provide the needed office space.
